

The Daily Astorian.

ASTORIA, OREGON:

WEDNESDAY, OCTOBER 30, 1889.

The O. F. L. & B. association have a lodge room for rent.

The first locomotive of the Puget Sound & Gray's Harbor railroad, entered Montesano on Saturday last. The road will be in operation this week.

The Tillamook Headlight reports that the fishermen on Nehalem bay are well satisfied, having made from \$150 to \$200 apiece in the last two months.

John Manning was arrested yesterday charged with stealing an umbrella from C. H. Cooper's store. He will have a hearing before Justice May to-day.

At the annual election of directors of the Fishermen's Packing company held yesterday morning the following were elected: James Dalgety, G. A. Nelson, John Emberg, Gust Holmes, and P. H. Johnson.

The funeral of the late Philip Schuyler will take place at 1 o'clock to-day in Portland. On account of there being no night boat last evening it was impossible for J. B. Wyatt and Capt. J. H. D. Gray to be present at the funeral.

W. B. Mayre of Portland was arrested yesterday morning on a warrant out of Justice May's court on a charge of embezzling \$500 from Mrs. Mary A. Leonard. He was brought before Justice May yesterday afternoon and on motion of district attorney A. R. Kanaga, the case was dismissed, the prosecuting witness paying costs.

If proper effort were made it is likely that the next state teachers' convention would be held in this city. It is about five years since Astoria has been favored by being selected as the place for the meeting of the teachers of the state for educational counsel. The matter is worth the effort, therefore let those who are most interested and influential make a demand. The schools of this city are of sufficient importance to make it a just demand.

The Portland fire board met last Monday and considered the following propositions to furnish two fire engines for that city: A. L. Fish proposed to furnish two third-class Clapp & Jones engines, weighing 5,800 pounds each for \$8,400. William F. Dugan offered to furnish two La France engines, each of a capacity of 500 gallons a minute and weighing 4,800 pounds for \$7,800, or two of 600 gallons capacity weighing 5,900 pounds each for \$8,200. H. W. Bringham offered to furnish two third-class Ahrens steamers, weighing 5,800 pounds each for \$7,800, the steamers to be delivered in Portland within ninety days.

State senator Norval of Union county lately said to an Oregonian reporter: "The farmers are all plowing, and many of them sowing. The acreage to be sown in winter wheat will be much larger than last year. The ranges in Union county are well covered with grass, but in Walla Walla county the ranges have been burned over and sheepmen are selling out. During the last month over 22,000 sheep have been sold for the eastern market. In Union county we are well prepared for a hard winter. We want lots of snow, for it will give us plenty of water for our mines and insure us against drought next year."

The following gentlemen accepted the invitation of superintendent Thielson, and took passage on the steamer *Electric* for a ride on the Astoria and South Coast railway yesterday morning: Hon. F. J. Taylor, Dr. Aug. Kinney, Dr. Alf. Kinney, J. C. Trullinger, T. O. Trullinger, P. A. Stokes, F. W. Newell, Geo. C. Flavel, D. K. Warren, S. Arndt, S. B. Smith, C. Evensen, G. K. Shiels, of Portland, and about ten others. On arriving at the landing, they found superintendent H. B. Thielson with the train made up and ready to start. After all had got on board a start was made, and all claimed the four miles of road bed gone over was run in exceedingly quick time. On the return the steamer stopped at the bridge, and the visitors were given time to examine the work. The gentlemen on their return expressed themselves pleased by what they had seen.

A Pleasant Party.

Last evening a surprise party was tendered Mrs. R. V. Monteith by a number of her young friends, the result being an evening pleasantly spent by the following: Aggie Stockton, Kate Grant, Beth Packard, Miss Barr, of Gray's river, Winnie McKean, Nanette Reed, Nellie Sherman, Lottie Levings, Mary Monteith, Jennie Monteith, Nellie Monteith, Ralph Hannah, D. Davis, R. Brodie, F. Curran, F. Rucker, W. Trullinger and W. Babidge.

MARINE NEWS AND NOTES.

The schooner *Fanny Adele*, lumber laden from Skamokawa sails to-day.

The stramer *City of Astoria* has been laid up for repairs, until further notice.

The American schooner *Mollie Adams* has been reported outside at Victoria, B. C., with a catch of 7,000 seal skins, the largest of the season.

A letter received by Captain W. Young, says the *Oregonian*, states that the schooner *Long*, which entering the Coquille river in tow of the tug *Liberty*, got aground, owing to the shifting of the channel and formation of a bank of deposit for 550 feet in from the end of the bar, due to the extension of the jetty. The tug struck first and the schooner ran into her, breaking off her jibboom and bowsprit. The schooner then went in close by the jetty and her cargo was unloaded and hauled to Bandon by teams. Several efforts have been made to get the vessel off without success. She has no water in her hold, and is resting easily. No fear of her loss is entertained and it is expected she will float off with the high tides.

Rheumatism originates in lactic acid in the blood, which settling in the joints causes the pains and aches of the disease. Hood's Sarsaparilla cures rheumatism by neutralizing the acidity of the blood, and giving it richness and vitality. Try Hood's Sarsaparilla.

They Failed to Co-operate.

Yesterday morning a man named W. B. Mayre brought down from Portland thirty-eight men that he had promised to locate on timber claims on the Nehalem. Several of the men had made arrangements to start on the journey by chartering the little steamer *Occident*; the others intending to start with teams, but on account of the arrest of Mayre on a charge of embezzlement the party was delayed. The strange part of the affair is that the men allege that they each paid Mayre \$45 for locating them and that last night he refused to take the party out and locate them and also that he refused to return their money paid until they return to Portland. These men were considerably excited last evening and vowed vengeance on Mayre, if he did not come to time. Mayre is alleged to have jumped several valuable claims, among them Clark Longbery's, near Skamokawa, and one claimed by a boy in Nehalem.

Mr. Mayre claims that he only received \$35 from each man to be used in defraying actual expenses in locating them on government timber land in Clatsop county, and for filing in the land office at Oregon City. Mr. Mayre also claims that he has paid fourteen of the party their money back, and that when he gets to Portland he will pay the others in full, and that he will return in three days and go out and locate those that wish to go.

Reciprocity.

"It was ever so kind of you to bring me this box of candy," said the young lady to George. "I think you are exceedingly nice."

"That's the way it goes," said George, as he dropped another bomb into her mouth. "Put a caramel into the slot and get some taffy."

POETRY OF THE VIRGINIA CAMPAIGN.

Despite its virulence the campaign is not without its humorous features. For instance, here is a specimen of some of the poetry that goes in Richmond:

Little Mahone sat all alone,
Eating a patronage pie,
He put in his spoon and pulled out a con.

And said, "What a great man am I!"
Old mother Hubbard went to the cupboard.

To get a poor white man a bone;
But when she got there the cupboard was bare,
All gobbled up by Mahone.

There was a great man named Mahone,
With a scheme to refund a loan.
He'd pay the state debt,
And stranger still yet,
Would not tax Billy Mahone.

And here is another, both taken from the Richmond *Dispatch*:
When the lion eats grass like an ox,
And the fishing worm swallows the whole.

When the terrapin knit woolen socks,
And the hares outrun by the snails;
When serpents walk upright as men,
And the doodle bugs travel like frogs;

When the grasshopper feeds on hens,
And feathers are found upon hogs;
When Thomas cats swim in the air,
And elephants roost upon trees;

When insects in summer are rare,
And snuff never makes people sneeze;
When flies creep over dry land,
And mules on velocipedes ride;

When foxes lay eggs in the sand,
And women in dress take no pride;
When Dutchmen no longer drink beer,
And girls get to preaching on time;

When Billy goats butt from the rear,
And treason no longer is crime;
When the humming bird brays like the ass,
And potato bugs sing like the lark;

When plow-shares are made out of glass,
And bees can be caught in the dark;
When gas meters cease to tell lies,
And the cow jumps over the moon;

When the Yankees forsake pumpkin pie,
And the dish runneth after the spoon;
When streams to their fountains flow back,
And limburger smells like cologne;

When the skin of the white man turns black,
And the heart of Virginians to stone,
Not till then will they follow the track,
Of thy treachery, Billy Mahone.

Skins on Fire

Agonizing itching, burning, and bleeding *eczema* in its worst stages. A raw sore from head to feet. Hair gone. Doctors and hospitals failed. Tried everything. Cured by the CUTICURA Remedies for \$6.

I am cured of a loathsome disease, *eczema* in its worst stage. I tried different doctors and hospitals, but all to no purpose. The disease covered my whole body from the top of my head to the soles of my feet. My hair all came out, leaving me a complete raw sore. After trying everything I heard of your CUTICURA REMEDIES, and after using three bottles of CUTICURA RESOLVENT, with CUTICURA and CUTICURA SOAP, I find myself cured at the cost of about \$6. I would not be without the CUTICURA REMEDIES in my house, as I find them useful in many cases, and I think they are the only skin and blood medicines.

Burning and Itching

I was sick in the fall of 1888 with a burning and itching so bad that in three weeks I was covered with a rash, and could not sleep nights or work days. Some doctors thought it might be salt rheum, *eczema*, and said they had never seen anything like it before. I received no help from any of them, or from any medicine that I could get hold of until I tried your CUTICURA REMEDIES. After three weeks' use I was able to work, and kept getting better, until I am now entirely cured. I recommend them to all suffering with skin diseases.

Most Intense Itching

I have used the CUTICURA REMEDIES successfully for my baby, who was afflicted with *eczema*, and had such intense itching that he got no rest day or night. The itching is gone, and my baby is cured, and is now a healthy, rosy-cheeked boy.

ONLY A QUESTION OF TIME. SEALAND.

You may doubt it, but in course of time you will approve the popular verdict by going yourself where the commercial tide sweeps the trade to; you may trade elsewhere because habit makes it natural; you may dismiss this from your mind because, well, perhaps, because you don't think it worth while to remember it; but in course of time the cold truth will force itself upon you, that while you sweat and save in one way, you are extravagant in another, and as soon as you realize this fact you will turn a new leaf and investigate before you spend your coin, and that is all I ask of you. Investigate!! Give me a chance to prove to you that you can get fresher goods where goods are sold quick, and that you can buy goods cheaper where the enormous quantities sold justify a comparatively small profit and consequently low prices. Perhaps it is unnecessary to state here what place I refer to, because the great majority of Astorians do say that
